Dear Families

We have continued with our return to off-site activities with groups heading out to Wimpole Hall, local colleges and horse riding. This is a joyous thing to witness as it's vital our pupils go out and put their communication skills into practice; we will endeavour to keep this going!

Exciting news, we are almost in control of our school shop. I visited this week and have some pictures of what is essentially a blank canvas. Please look out for a letter encouraging you to help out with the development of this project!

If your child is aged between 12 and 15 please look out for a letter offering them the opportunity of a Covid 19 Vaccination next week. The letters only arrived in school today (sadly we have no power to speed up this service) and the turnaround is tight (Monday at 12pm) for you to notify the Schools Immunisation Team if you would like to take the offer up. The Immunisation Team will be coming into school on Tuesday. We will be providing support to all our pupils on the day should you wish them to receive the vaccine.

Butterflies Class News

The new children are settling into Butterflies and learning that school is fun. We have been swimming, to the explore room, the activity area and lots more. The children are learning to play together and explore their new environment with confidence. A lovely start.

Dover Class News

We have had a busy week in Dover class. Our focus has been on having a healthy lifestyle.

We have enjoyed making our own delicious fruit salads in our cooking lessons and learning how to play basketball during PE through games.

Dover have been enjoying the new class story 'Shark in the Park' during circle time when we have been building on our communication skills. We also spent time looking around and reading stories in the new library which we very much enjoyed!

Best wishes

Chris
