

# Understanding your child's home school daily progress entry

## frameworks

we use these to link your child's learning to assessment criteria, so that we can show evidence of progress over time. You might see frameworks related to academic subjects, social skills (SCERTS), or even individual targets relating to your child's EHCP outcomes. If you're unsure about what any of the framework items mean, speak to your child's teacher.

## photos

up to 3 photos or videos of what your child has been learning at school today.

## comment

a summary of today's learning, plus any messages or comments specific to your child

Today we had a maths session in the morning, where we were learning to count in 2s using music and movement. Terry is beginning to rote count in 2s up to 10 with some visual prompts. In the afternoon we had swimming, where everyone really enjoyed using floats. Terry is practising floating on his back, as you can see in the photo!

Maths

Swimming

## tags

these are labels we use in school to organise evidence for particular subjects, themes or events.

Framework Items

Maths Number Gemstones assessment > Maths Number > Ruby  
»Count on in 2's with visual aids.
