

Dear Families,

There was a challenge last week as we started term on a Thursday which can be confusing for some of our young people and staff!

Our New Term starts with everyone being supported in settling back into school routines. It takes time for pupils and staff to 'get started' so I am pleased to report the term has started very positively.

Our first full week back has seen all our activities in full swing with external activities such as horse riding, swimming and work experience.

Please can all clothing be named (apologies to those families who have named clothing and we have still managed to lose it – we will try harder).

Squirrels Class News

Squirrels class have done a fantastic job settling back into school after their Christmas break. They were all super happy to be back at school and share their stories and adventures.

This week we began our new story 'Micheal Recycle' by Ellie Bethal. During story time Squirrels class were amazing at acting out the story and sorting the rubbish for Micheal recycle. They touched some yucky slime and smelt some disgusting rubbish to show what a mess the town's people had made Aberdoo-Rimey.

They all enjoyed dressing up as Micheal recycle as part of our attention building sessions and flying around the room ready to save the town. We will continue to focus on this book for the remainder of the half term.

We have also started trampolining this term during our PE lessons. All the class have been amazing at listening to the instructions so we can turn around, and do different jumps like a star jump. We also have to wait for our turn which is a very important skill. We

hope that over the turn we will learn lots of new trampoline skills.

Wolfson Class News

This term, Wolfson have been learning how to estimate and measure in maths. Pupils were asked to estimate the length of the corridor and the school playground using a trundle wheel. Pupils were then required to calculate the correct distance in metres, as we work towards our OCR life and living skills accreditation for numeracy. In

PE, pupils have been learning about the game of Hockey. Pupils have been developing their skills within the sport. For example, learning how to execute a 'push' pass, dribbling with a hockey stick using close control, shooting and intercepting an opponent.

Pots for sale

After checking our stocks of pots ready for this year's Arts Wonder Festival, we have more than we need!

To help fund future creative projects, we're selling these cement pots for **£2 each** or **box of 12 for £15**.

The pots are cement, 5 inch diameter and 7 inches in height with no drainage hole.

Please e-mail the office with subject line: **FAO Chloe Brown - Pot sale** with how many pots you want and times you're available to collect them.

Castle School Shop

We are collecting donations of good quality clothing, bric-a-brac, children's toys, CD's, DVD's, and games console games.
