

Dear families,

Half Term seems to have arrived very quickly and here we are at the midway point of the Summer Term. We will be back on Monday 3rd June 2023.

Welcome back to our Silver Duke of Edinburgh group who had an amazing expedition.

Robins Class News

Robins Class have had a fantastic half term. Our Topic this half term has been 'Under the Sea'. We have learned all about different creatures that live under water and created artwork of fish, turtles and seaweed. We studied the books 'Rainbow Fish' and 'Go, Go, Pirate Boat'. During our Pirate theme activities we made Pirate flags and hats and enjoyed lots of role play.

In English we focused on creating lists and labelling pictures. The class have done brilliantly in English and worked very hard. We recently began our new Phonics and Reading scheme and we are all now looking at our own reading books every afternoon as well listening to stories daily.

In Maths we have continued basic place value and number activities, with some of us adding numbers and making more than and less than amounts.

Not only have Robins been learning hard, but we have also played hard. We have enjoyed lots of opportunities in Music and Forest School. The class have loved playing the keyboard and exploring other instruments. We have also begun our edible garden by planting radishes, chives and bean sprouts. We are enjoying the sunny weather in the playground and trying new activities with our friends.

Well done Robins.

Trinity Class News

In Trinity Class we have had an amazing start to the summer term! We have started to take part in a new PSHE session around personal hygiene and looking after our teeth. We have been reading a sensory story about brushing our teeth and exploring different resources, such as, toothpaste and floss. Using big model teeth we have been practicing our brushing skills. Afterwards we have a role play dentists and experiment with using a toothbrush and toothpaste in our own mouths! The Trinity team are so impressed with our classes' progress so far and can't wait to keep helping us learning key independence skills.

Duke of Edinburgh

Some of the Wolfson pupils went on their D of E expedition this week, canoeing and camping around the river Ouse. We had a brilliant time and loved learning how to paddle, camping and being independent.

Farm Visit

On Thursday we had a visit from Monach Farm in Hilton.

It was lovely to see a range of students from primary classes interact with the lambs, goats and horses. Students got to touch the animals close up, learn about the different animals and watch their movements.

Kingsway Golf

6th form leisure group went to Kingsway golf centre this morning, we had a great time and some pupils actually got a hole in one!
