

Dear families,

What a week we have had!

We like to keep busy and this week we really have been! From our amazing Better Together concert, to a DofE sleepover, to a trip to the Midsummer fayre the week has been full of enrichment for our learners.

A huge thank you to The Rotary Club for funding and organising our free trip to the fayre. It is a great opportunity for our learners and as always, the sun came out for us!

### Wrens Class News

In Wrens we have been making the most of the warmer weather despite the rain! Activities which have included water play have been popular and fitted in really well with our theme 'At the Seaside'!

The seaside sensory story always goes down well as there is an opportunity to ask for chocolate biscuit and juice - highly motivating!

We have been singing seaside songs to help develop our attention and listening skills and most of the Wrens now sit beautifully as a group in this session. A new favourite is 'I had a little turtle' as it involves lots of bubbles!

We were able to take a small group of children to the main site to see some visiting farm animals. The little ones were interested in the animals but not too keen to touch! However, it was a super chance to see something different.

## Churchill Class News

Churchill have been busy this week. We had a great day out attending the Presidents Sporting Club games in Thetford, playing football, table tennis, bouncy castle and gymnastics. With free candyfloss and popcorn!

We have been preparing for our Silver Duke of Edinburgh Expedition, which is next week.

We'll be camping at Hartington in Derbyshire, students will be walking, cooking for themselves and visiting places in the area. The weather forecast is good and they are really looking forward to it!

This week we also had a team who played in a Tennis tournament at Cambridge Lawn Tennis Club, it was a competitive and fun event, attended by 3 other schools, and they all played well. The coach praised our Castle Team for being so enthusiastic and polite.

## Better Together Concert 18<sup>th</sup> June

Our wonderful school choir performed at West Road Concert Hall on Tuesday 18th June, and it was truly Amazing!

Thank you every one who came to support this event. We would like to specially thank all the staff that helped out and our wonderful Sophia for all her hard work- with out her vision and tremendous hard work it wouldn't have happened. We hope that the friendships and links formed with IVC and Milton continue for many years to come!

## Charity Event

Warren, Oliver and Joe completed a charity cycle ride from London to Paris to raise money for Castle School Charity.

They cycled 340 miles in 4 days as part of an organised event via a company called Discover Adventure. There was a total of 24 of them all raising money for different charities. They had really good weather the whole way, but have said it was a tough challenge, but very enjoyable and they have made a really good group of friends.

Warren, Oliver and Joe raised a total of £1335 for the Castle School. THANK YOU 😊

Best Wishes,

*Charlotte*
